What We Are Going to Cover

A bit more information about this

Today we are going to discuss

- ▶ There is a TA strike
- ▶ Assignment 3

So There is a TA strike Going On

Remember kids there is always 2 sides to every issue...

One side can be found here:

`http://www.provost.utoronto.ca/office/
2015strikeupdates.htm`

The other side can be found here:

`http:
//cupe3902.org/2015/01/undergraduate-faq/`

The issues raised are very important, and so you should become informed of them.

Assignment 3

This assignment is meant to give you some practice writing in \LaTeX . It will consist of 2 parts

- Part 1** You will get a copy of a statistics textbook and 3 assigned questions. You will answer these questions using \LaTeX and submit this to me.
- Part 2** You will submit a short prose on each of the following topics:
- ▶ Do you love statistics?
 - ▶ What do you think of this course and the instruction so far?
 - ▶ An additional topic of your choice e.g. *Do you feel that Leonardo Di Caprio deserves an Oscar, or is he overrated?*

Assignment 3

Part 1 Details

- ▶ I will put the textbook up on the course website and you will be responsible for answering the assigned questions from it.
- ▶ Don't worry, the material in the book is STA107 level stuff. You shouldn't have any trouble actually solving the question, but in case you do, email me and I can assist you or give you a different question.
- ▶ For full marks, make sure your solution is correct and very pretty looking. Don't worry if your answer is brief.

Assignment 3

Part 2 Details

- ▶ Again, the content is secondary to the formatting. I don't really care about what you write, although you should write something that is at least mildly interesting (please).
- ▶ Your answer for all the above questions need only be 3/4 of a page

Assignment 3

What You Will Submit

- ▶ You will submit your solutions to the three problems as well as the short prose assigned.
- ▶ I would like this assignment to have a title page, table of contents, clearly listed chapters or sections, etc...
- ▶ I would like to see a picture, a link, and a table somewhere in your report.
- ▶ I would like this to be submitted to me in paper, and online (send **both** the PDF and tex file to my email address)
- ▶ You should leave comments in your tex code to explain your choice of formatting.

Assignment 3

What Questions You Will Answer

Now its time to assign 3 questions from the book! Possible questions are:

- ▶ Chapter 2: 2, 4, 6, 8.
- ▶ Chapter 3: 2, 4, 6, 8, 10, 12, 14, 16.
- ▶ Chapter 4: 2, 4, 6, 8, 10, 12, 14, 16, 18.

Assignment 3

Grading Scheme

- 3 Marks Answering the 3 questions correctly and making sure the solutions are presented nicely.
- 1 Marks Writing the assigned prose.
- 1 Marks Including at least one picture, link and table in your report
- 4 Marks Aesthetics of your report (i.e. Having a title page, table of contents, comments in code where appropriate, etc...)

FYI this assignment will mostly be graded on appearance, not content
